

How to Request Accommodations

Before requesting accommodations, you must first get connected with our office. For instructions, please visit <http://sas.sdes.ucf.edu/> and select 'Start Here.'

Step 1:

Visit the SAS website and select the **Knights Access Portal** (Figure 1).

Step 3:

When you sign into Knights Access, you may see E-Form agreements listed on the main page of My Dashboard. Click on each E-Form and review the information as policies and procedures might have changed. You will agree by providing an electronic signature. Select the Submit Form button to agree to the terms and conditions. A copy of this agreement can be found in your mailbox.

Step 4:

Navigate to and click ‘Add Requests,’ circled in red. If you want to make a request for an upcoming term rather than the current term, first click ‘List Requests’ under the Accommodations heading. (Figure 3).

Step 5:

Select the courses you wish to request accommodations for and then specify which accommodations you would like to use in each course. Read through the final step and check the box. (Figure 4).

SELECT ACCOMMODATIONS

- Distraction-Reduced Environment
- Extra Time 1.50x
- Notetaking Technology (Laptop, Smartpen, Audio recorder or other device)
- I do not need accommodation for this course: **SAS 1234.0001**.

STEP: FINAL STEP

Do you plan to use any of your approved accommodations at UCF this semester?

If so, please select the accommodations you plan to use for each of your classes. After you have submitted the accommodation request(s), the Course Accessibility Letter (CAL) will be sent by email to your instructors.

When completing this request, only select the accommodations you might use in the course. For example, if you have been approved for a distraction-reduced environment for exams but have no exams or all exams are taken at home through webcourses online, please do not select it for that class.

The accommodations that will appear on the Course Accessibility Letter are the accommodations you request to use this semester.

Step 6:

Then scroll down and select 'Submit Request' (Figure 5).

Step 7:

A white check mark inside a green circle will display to confirm that the system has successfully processed your request and your classes you have requested accommodations for will be displayed (Figure 6).

The screenshot displays a user interface with a success notification at the top. Below the notification is a navigation bar with 'Previous Term' and 'Term: 2023 - Fall'. A yellow banner contains a wrench and screwdriver icon and the text 'HANDY TOOLS: SEND EMAIL (BCC) TO INSTRUCTOR'. The main content is split into two columns. The left column, titled 'ACCOMMODATION REQUESTS', contains a yellow box with the message 'No Courses Listed from the School:' and two bullet points explaining why courses might not appear. Below this is a 'Select Term:' dropdown menu set to '2023 - Fall' and a black button labeled 'ADD CLASS MANUALLY >'. The right column, titled 'SAS 1234.0001', shows the request status as 'Approved - Notification Scheduled', the course title as 'Test Course (UCF205)', and three available actions: 'Modify Request', 'Send Email', and 'Generate PDF'. Below these are three expandable sections: 'Accommodation Requested', 'Request Summary', and 'Course Detail', each with a downward arrow.
